

LEHIGH VALLEY, PENNSYLVANIA

Since 1785. *Reimagined.*

Bixler's × Rolex at the birthplace of American jewelry

OUR HERITAGE

In Joyce's Words

"In 1785, my great-great-great-great-grandfather, Christian Bixler III, a Swiss clockmaker, metalsmith and veteran of the Revolutionary War, opened what would become America's oldest jeweler. Though he practiced a technical craft, Christian was an artist at heart, adding colorful flourishes to his designs in the spirit of Leonardo da Vinci. He was revolutionary in bringing the intricacy and engineering precision of fine timepieces to fine jewelry. He was also a driving force behind the creation of what would become the Lehigh Valley, a community leader and benefactor who believed in a bright future for Pennsylvania and for the young United States. Seven generations later, I still work in the store he founded, and I know our family's legacy is in good hands. What Christian believed in is what Perry believes in, and it goes beyond meticulous craftsmanship. Our founder loved his community and his customers, and Perry understands what each piece means to the people who live and work in the Lehigh Valley."

JOYCE WELKIN · SEVENTH GENERATION OF THE BIXLER FAMILY

CRAFTING LEGACY, SHAPING THE FUTURE

Perry Sporn

CEO, Bixler's · Founder, Perrywinkle's

"Since 1785, we've celebrated human hands making beautiful objects. This is our heritage, and this is our future."

"For 241 years, Bixler's has earned its place by staying humble, knowledgeable and devoted to the client. Our jewelry, designed by a team I lead, is made by hand in our RJC-certified Montreal atelier in the manner of the great European houses, and engineered to last for generations. We carry only two watch brands, Rolex and Tudor, because we hold them to the same standard as our jewelry: we sell only what we most believe in. Our sister house, Perrywinkle's, has proven that belief as an Official Rolex Jeweler. Our work has appeared on the world's grandest stages, from our UFC partnership to the Oscars red carpet, where *Dune* production designer Patrice Vermette wore our pieces. And because we remain 100% independent, we are free to create what our clients have always dreamed of."

Our purpose is simple: to elevate every client experience, from the first conversation to a lifetime of service.

OUR ATELIER

Made by Hand

The Bixler Foundation

By 2028, Bixler's and Perrywinkle's will become the Bixler Foundation. Domiciled in New Hampshire, whose foundation law closely mirrors Swiss law, the Foundation will keep the house independent and devote itself to one purpose: supporting human artistry and sustainability, so that human beings keep making beautiful objects for the next 241 years.

ROLEX AND BIXLER'S: A PARTNERSHIP

A New Landmark for the Lehigh Valley

A restored 1923 landmark at 30 North Fourth Street, downtown Easton

ROLEX AND BIXLER'S: A PARTNERSHIP

Historic Roots, with a Modern Vision

1785 · IN THE LEHIGH VALLEY

Where It All Began

The original workshop: Christian Bixler III's fieldstone homestead and shop. Steep gables, rugged fieldstone walls, twin chimneys, shuttered windows and a hand-painted storefront form the DNA of everything that follows.

2027–2028

Building Tomorrow

A restored 1923 landmark at 30 North Fourth Street, in the heart of downtown Easton, a block from Centre Square. The historic Bixler's clock will move here from its current place in the square.

ROLEX AND BIXLER'S: A PARTNERSHIP

A Unique Space for Rolex

The new flagship marks an optimistic future while paying homage to the storied history of where the brand was founded.

Bixler's will stand proudly among the most valued partnerships in Rolex's portfolio of authorized retailers. America's oldest jeweler has put precision, integrity and service first for 241 years, with a new landmark building worthy of the crown.

ROLEX AND BIXLER'S: A PARTNERSHIP

Two Floors

The Rolex Corner, the boutique and the Rolex service center at street level; the museum and the administration on the floor above.

BIXLER'S INTERIOR

Inside the Store

Bixler's Boutique, through the front door.

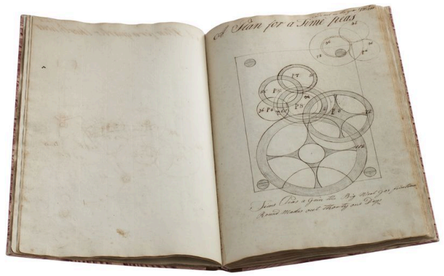

ROLEX AND BIXLER'S: A PARTNERSHIP

A Museum Within

On the floor above

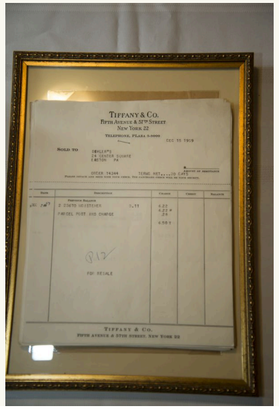

The museum is a curated archive of Bixler's 241 years of American craft, commerce and character.

Its centerpiece is the original deed to Christian Bixler III's workshop, signed by William Penn's nephew. Alongside are engineering drawings for many of the early clocks, journals recording late 1700s customers and their specific clocks, cutlery made by Christian Bixler III, Tiffany & Co. telegrams naming Bixler's one of the greatest jewelers, and eight restored working clocks from the 1700s.

THE EARLY CLOCKS

The clockmaker's book: a plan for a clock.

TIFFANY & CO.

An invoice from Tiffany & Co. to Bixler's.

Original journal page recording each clock sold to come

THE JOURNALS

Late 1700s customers and their clocks.

BIXLER'S INTERIOR

Bixler's Museum

A treasure trove of historical artifacts, on the floor above the boutique.

- Drawings of the first clocks
- 8 restored, working clocks from the 1700s
- Metalsmith examples by Christian Bixler III
- Customer journals from the 1700s and 1800s
- Telegrams from Tiffany & Co. to Bixler's
- Letters from famous people
- Legal, marketing and family records

By evening, an event room for private VIP events, its bar among the collection.

BIXLER'S INTERIOR

The House at Work

The administration: offices, a staff lounge and a kitchen, on the floor above.

Store Materials & Finishes

Walnut and Brass

Walnut panelling, with cornice, molding and baseboard in brushed brass with a warm honey finish.

Fluted Pedestals

Upholstered in green and beige ribbed fabric; walnut tops with integrated spotlights.

Trestle Tables

Display tables with glass tops and white velvet interiors.

Calacatta Floor

Cream marble with grey and gold veining, in a mirror-polished finish.

Schonbek Custom Lighting

Custom lighting designed by the Bixler's team with Schonbek artisans: warm, diffused and dense.

WEALTH AND GROWTH

The Lehigh Valley: Where Success Chooses to Live

The Lehigh Valley has become the address of choice for a new generation of high earners: young professionals and families who have discovered they no longer have to choose between ambition and quality of life. Just 90 minutes from New York and an hour from Philadelphia, they find historic downtowns, award-winning restaurants and wineries, and the kind of luxury experiences once reserved for major cities, along with high-end car dealerships whose showrooms reflect the region's growing affluence.

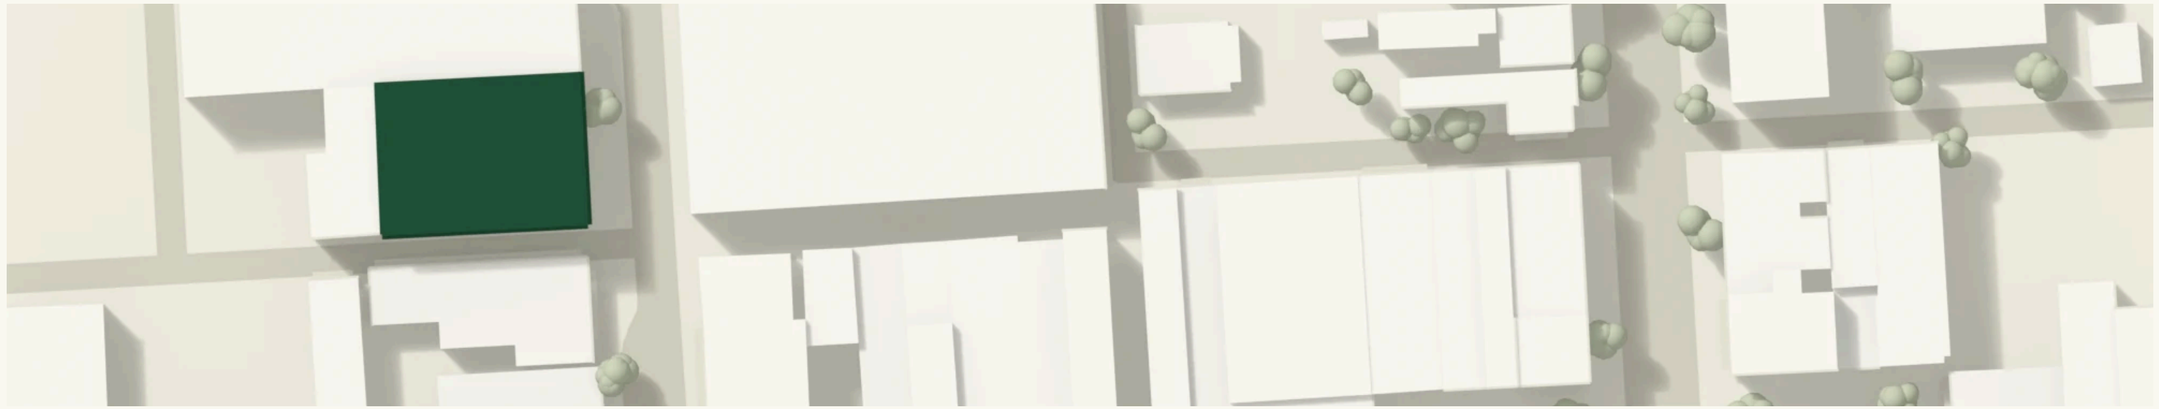

The world-renowned Lehigh University draws exceptional talent and keeps it here, while homegrown icons like Martin Guitar, crafting instruments in Nazareth since 1839, and Crayola, headquartered in Easton, show the region's legacy of creativity and craftsmanship. Weekends bring the Pocono Mountains' resorts, golf and ski slopes within an easy drive, and game days mean the Eagles, Phillies, 76ers and Flyers just down the road in Philadelphia, or their minor league affiliates, the IronPigs and Phantoms, right at home.

At the heart of it all is downtown Easton, where the Delaware and Lehigh rivers meet and a historic city center has been reborn. Today, the Easton Public Market, the farmers' market in Centre Square, the restored State Theatre and Lafayette College sit within a short walk of chef-driven restaurants, boutiques, galleries and new downtown residences. For newcomers seeking walkable, vibrant city living, downtown Easton is where the Valley's new wealth comes to gather.

It is a place where wealth is being built, not just spent, and where discerning clients are looking for a jeweler worthy of the life they have chosen.

WEALTH AND GROWTH

The Wealthiest Generation in the Lehigh Valley's History

TOP 8% FOR GROWTH

The Lehigh Valley added 21,341 residents from 2020 to 2024, placing both counties in the top 8% of all U.S. counties for population growth.

INTERNATIONAL MIGRATION

17,000 people moved here from abroad since 2020. Lehigh County ranks in the top 5% of U.S. counties for net international migration.

RECORD INCOME

Median household income has reached a record $84,260, up more than $17,000 in the last five years: above both Pennsylvania and the U.S.

Sources: Lehigh Valley Economic Development Corp. (LVEDC) analysis of U.S. Census Bureau data, 2020–2024.

WEALTH AND GROWTH

A Region Expecting a More Prosperous Lifestyle

886,666

708,644 residents in the two-county Lehigh Valley; more than 886,666 across the metro.

9,000

More 18 to 34-year-olds since 2020, placing both counties in the top 10% of U.S. counties for young-adult growth.

11.7%

Growth in residents aged 20 to 24, from 2020 to 2024.

$57.3B

Record regional GDP, with total employment at an all-time high.

The Lehigh Valley is one of the fastest-growing regions in the Northeast, shaped by a new generation of young, educated professionals drawn by its universities, its position between Philadelphia and New York, and a quality of life larger metros can no longer offer.

CAPTURING THIS NEW MARKET OPPORTUNITY

From Digital First to Physical Experience

DIGITAL FOOTPRINT

Anticipating Tomorrow's Clients

Through a strategic website redesign

As part of our evolution, we're undertaking a complete redesign of our website built on Shopify, a flexible, high-performance foundation that efficiently adapts content to meet Rolex's exacting visual and editorial standards.

The redesign elevates the customer journey, creating a more seamless, intuitive experience from discovery to purchase.

Visually, we returned to our core identity, refining color, typography and art direction for a digital presence that feels both timeless and contemporary.

APPENDIX

Bixler Foundation Board Biographies

Jean-Christophe Bédos

Former CEO, Birks and Boucheron · Invited

Began at Cartier in Paris in luxury watch product development and became managing director of Cartier France. He went on to lead Boucheron as CEO, then served 13 years as CEO of Birks, Canada's leading luxury jeweler. He has served as vice-chair of the Montreal General Hospital Foundation.

Lt. Gen. Keith M. Huber, U.S. Army (Ret.)

Invited

A West Point graduate who served 38 years on active duty, 14 as a general officer, retiring in 2013 as the longest-serving Green Beret. His commands included the 10th Mountain Division, First Army and U.S. Army South. At Middle Tennessee State University, he founded the Charlie and Hazel Daniels Veterans and Military Family Center.

Toby Pomeroy

Founder, Mercury Free Mining · Invited

An award-winning designer-goldsmith for more than 50 years, he introduced recycled gold and silver in 2006 and helped develop the Fairmined standard as a board member of the Alliance for Responsible Mining. In 2017 he founded Mercury Free Mining to eliminate mercury from artisanal and small-scale gold mining.

Luke Clemente

Former General Manager, General Electric

Spent 15 years in senior leadership at GE, including as General Manager of GE Digital Energy, with full P&L responsibility for two divisions. He led the integration of four acquisitions, two in mainland China, and is known for turning around underperforming businesses. B.S. in Accounting; MBA.
